

Pictures from Prague

Marco Civolani, Monday 04 May 2009 - 22:10:22

Some shots I took at the conference and in the downtown.

Federico at the NIW stand.

Another view of the stand.

The blue sabots.

Some people of the NIW and the Closed teams.

The Cogniron robot.

GTec: a brain-computer interface.

One of the poster sessions.

A part of the exhibition.

Another view.

A view from the Charles Bridge.

A part of the Castle.

Another one.

In the downtown (1/4).

In the downtown (2/4).

In the downtown (3/4).

In the downtown (4/4).

Guards.

View from the castle.

The clock (1/2).

The clock (2/2).
